CIEE Spanish Language and Mexican Culture, High School Summer Abroad

Yucatan, Mexico | June 2021 - July 2021

Participated in a four-week Spanish immersion program, enhancing language skills through daily classes, cultural exchanges with locals, and excursions to Mayan historical sites. Lived with a host family for a fully immersive experience.

PROFESSIONAL EXPERIENCE

StudBud, co-founder

Providence, RI | December 2024 – Present

- Product Outreach: Spearhead marketing initiatives, user recruitment, and strategic partnerships to expand StudBud's reach among college campuses.
- Backend Development: Architect and implement backend functionalities for user authentication, real-time messaging, and data storage.

Brown Department of Computer Science, Undergraduate Teaching Assistant

Providence, RI | December 2024 – Present

Course: CSCI0200 Program Design with Data Structures and Algorithms

- Provide academic support through office hours, discussion board responses, and small-group section facilitation to enhance student understanding of course material.
- Assist with course preparation and development, including updating assignments, grading rubrics, and course documents, as well as writing solutions, test suites, and support code for new or revised assignments.

Brown Program in Linguistic, Research Assistant

Providence, RI | August 2024 – Present

- Collaborate with researchers and A'ingae community members to document and preserve A'ingae through linguistic analysis, data management, and the development of multi-purpose language resources and oral histories.
- Contribute to the creation of pedagogical tools and multimedia resources, supporting research on A'ingae grammar and language use for academic and community applications.

Brown Department of Anthropology, Research Assistant

Providence, RI | December 2024 – Present

- Conduct bibliographic research and data collection on race, language, and belonging in multicultural societies, focusing on science, statehood, and Indigenous counter-narratives.
- Analyze and organize media data while applying intersectional, antiracist frameworks like Black feminist and Southern Theory praxis.

Brown University Center of Language Studies, Course Development Assistant

Providence, RI | August 2024 - December 2024

Course: Teaching English to Speakers of Other Languages (TESOL)

- Assisted Professor Katherine Kang in developing a curriculum on second language acquisition and its sociolinguistic impacts.
- Helped identify relevant readings and activities to enhance students' grasp of second language learning.
- Worked to connect the Brown community with improved language acquisition resources and tutoring position opportunities.

Brown University Department of Education, Course Development Assistant

Providence, RI | January 2024 - May 2024

Course: Supporting Multilingualism in Schools (EDUCA-3) Brown University

- Collaborated with Professor Tricia Kelly to research, develop, and review course materials focused on multilingualism and translanguaging.
- Provided feedback on course resources to better support students' understanding of language diversity.
- Engaged in community outreach with local teachers and students to facilitate adaptable linguistic education.

LEADERSHIP EXPERIENCE

Dream Team, E-Board Outreach Committee

Providence, RI | September 2023 - Present

- Advocated for undocumented students and their allies by organizing events and political activism campaigns.
- Helped establish a resource platform supporting undocumented students at Brown University.

SOMOS Latinx Literary Magazine, Spanish Editor

Providence, RI | September 2023 - Present

- Edited and reviewed Spanish submissions for a student-led platform celebrating Latine art and media.
- Played a role in promoting Latine cultural awareness within the Brown and Rhode Island communities.

PROJECTS

Maps

- Displays historical redlining data onto a U.S. map utilizing API calls to U.S. census data in order to access the redlining data. Contains accessibility advancements like keyboard shortcuts, aria labels, and screen reader functionality.
